**Commented [LYN(1):** Made the title even clearer to match how we name this in the website., i.e. 'Assessment Schedule'. If there is a PDF file name to the doc posted online, let's ensure using 'Schedule' instead of 'Plan'. (Plan sounds more complex)

**Commented [LYN(2):** I've standardised to stating the term at the end and in brackets for all pages.

Courage . Adaptability . Respect . Excellence

**Learn And Practise / Preliminary Examination (Term 2)**

Commented [LYN(3): I've standardised to having 1 space both before and after the slash.]

- For GCE N(A) Level: <https://www.seab.gov.sg/gce-na-level/>
- For GCE N(T) Level: <https://www.seab.gov.sg/gce-nt-level/>

Note:

- 1) More details on the assessments will be shared with students at a later date.
- 2) All assessments will be in written format unless otherwise stated.
- 3) The Art Coursework completion and submission details will be made available at a later date.
- 4) This schedule is correct as of 9 January 2026.

Commented [LYN(5): I've standardised to not mention 'Schedule' at the top of all pages.]

Commented [LYN(6): Added bullets to points below so it is even clearer this is one single footnote.]

Commented [LYN(7): I've given us the flexibility of not implying that the detailed schedule will be shared with parents. When this detailed schedule is ready, we will then just share with students. No need to post on website or PG. I've then also edited first part of the sentence to make it more flexible how the details of the assessments will be shared, since this will only be shared termly with students.]
